EXECUTIVE SUMMARY

Background

Australian Croquet Association Inc (ACA) is an association formed by a union of State Associations to act as the peak body for croquet and other mallet sports in Australia. On the national level, ACA speaks for the sport to the Australian Sports Commission (ASC) and other funding bodies. ACA has in place policies and programs which helped it to achieve recognition by the ASC as a 'National Sporting Organisation' (NSO). This recognition has not yet been extended to 'funded' status which would allow ACA to access grants available to NSOs.

In this coming strategic period, positioning ACA to attain 'funded' status is key to achieving the corporate goals identified for the immediate future and to meeting the strategic challenges facing the sport in the longer-term. ASC has published, or provided access to, standards and guidance documents on governance, financial accountability and workforce management for funded NSOs. These documents can provide a frame of reference for corporate reviews of the constitution, financial practices and resource capacity.

Strategic Plan September 2014 – December 2018

The strategic challenges to the sport– recruitment of participants from a wider demographic profile, establishment of pathways of excellence for players, officials and coaches, accommodation of new forms of the game, and increased visibility for the sport – are not so easily met. These challenges can only be addressed through a coordinated strategic approach entailing innovative programs, adequately resourced, that have been developed in consultation between ACA and State Associations working through their appointees and designated representatives.

This strategic plan maps the direction for the ACA over the next four and a half years and the focus is on five key result areas -

- Governance and Management
- Marketing and Promotion
- Funding and Sponsorship
- Participation Development
- Sport Development

This is the first strategic plan developed by a working group of state representatives in consultation with the ACA Executive. The plan is a flexible, living document, subject to ongoing review and amendment. While its perspective is necessarily national in scope, it was conceived with the aim of informing the planning processes of State Associations.

PROFILE

- ACA, trades as Croquet Australia and is the national peak body for croquet in Australia.
- Croquet Australia is a full member of the WCF and affiliated with the WGU.
- Members of ACA are the six State Associations –
 - Croquet New South Wales Incorporated (includes the ACT)
 - Croquet Association Queensland Incorporated
 - South Australian Croquet Association Incorporated
 - Tasmanian Croquet Association Incorporated
 - The Victorian Croquet Association Incorporated
 - The West Australian Croquet Association Incorporated
- The organisation is administered by an Executive consisting of six volunteers and supported by a part-time employee.
- In addition to the Executive, there are four national committees with a total of 18 members and 19 Appointed Officers.
- At the end of 2013 there were 8,856 registered players in Australia.
- Players range in age from high school students to retirees and seniors; predominantly the sport attracts people over 50.
- The sport relies heavily on volunteers at every level of the game.
- Croquet Australia has established well-developed accreditation programs for coaching and refereeing for both AC and GC.
- Australia has a number of players who are at the elite level and compete internationally either individually or as part of a representative team – Australia has won the past two Trans-Tasman Series against New Zealand.
- In 2013, an Australian player, at the age of 20 became the youngest World Champion in AC.

VISION

Croquet – the growing national sport.

MISSION

To operate as a national peak body in Australia.
To demonstrate best practice governance and delivery of services in supporting State Associations.
To administer and develop the sport of croquet.
To promote and improve the image of the sport for all ages and abilities.

OUTCOMES

Provide appropriate leadership and unified direction for the sport across Australia by:

- Adopting a modern, sound, practical and effective governance structure and constitution.
- Reviewing and modernising the organisation's policies and procedures.

Improve the image and enhance the profile of the sport by:

- Developing a new brand to embrace a national, state, regional and club identity.
- Achieving recognition and sponsorship.
- Improving the results of Australian croquet players at nominated international events.

Increase participation across all forms of croquet and build capacity and capability by:

- Investigating and if validated, adopting other forms of club membership.
- Developing a program to target working-age people and a program to target juniors and increase membership in these categories by 500.
